

## **RFQ 2FY20 Vendor Question 19**

Would you please confirm the bid due date?

The RFQ states 7.21.2020 but the website states 7.16.2020 OR  
Have I completely misread this.

The response deadline is 7.16.2020. This is the deadline to submit a bid for this solicitation. We are doing the bid opening on 7.21.2020. We have a delay in there to allow our purchasing section time to stamp the packets received and get everything set up and organized for our bid opening. Between 7/16 and the opening on 7/21 the submissions remained sealed in the custody of our purchasing section. Hopefully this clarifies why you see both dates. I believe page 8 of the solicitation should outline these dates.
