

## RFQ 1FY20 QUESTION(S)

### RFQ 1FY20 Question 6:

1. Please provide the Metal building manufactures list.
  - **We have previously used Kirby buildings for our metal buildings; however, we do not require that company be used. We just require the siding as specified in the RFQ so it will match our current buildings. Ok, so you are open to qualifying any building manufacture who meets the codes correct? That is correct.**
  
2. What kind of badging required?
  - **The exact name of the campus is to be required. It would be standard (non-lit) lettering. If possible, we would request a budget based on an average estimate be included. We're not looking for anything fancy. Sorry for the confusion the badging we are asking is about the "Background checks" for contractors or labors. Like JLA badging required for school projects. Ok. No Badging required. It is an open site.**
